Save Image | Edit | Trash

My Garden | Tips | Reminders | Notes

User Stories that apply:
As a gardener, I want to place plants in my garden.
As a gardener, I want to be able to remove an plant.
As a gardener, I want to be able to change a plant.
As a gardener, I want to be able to move plants.
As a gardener, I want to be able to name my garden(s).
As a gardener, I want to be able to modify the square footage of my garden(s).
As a gardener, I want to be notified if I try to plant plants that won't grow well beside each other.
As a gardener, I want to be able to save pictures of my garden(s).

Notes:
User drags plants from the left into the garden to plant. To get rid of a plant they can drag the plant in the garden into the "trash" or they can drag another one on top. Keyboard will popup when user wants to rename the garden. When a user plants plants that won't grow well beside each other then they will be warned with a popup. Pressing "save image" saves the garden as an image to your photos.
